State Normal School, Richmond, Ky.

Our Normal School has just passed its first anniversary. It has been a little more than one year since it opened its doors for business. Since that time it has made rapid progress as a State institution. The enrollment at present is 289 in the Normal and 135 in the Model School. This enrollment is not as great as that of the Western Normal, but it shows as much progress considering the facilities with which each school started and the difficulties that have been surmounted. Our school is running nicely and is doing splendid work. It is doing all within its power to reduce the expense of each student to a minimum while he is in the institution.

The school handles all the books used by the students. One room in the main building is used as a book store. This is opened during certain periods of each day when the students may buy all their school supplies at about 10 or 20 per cent. discount from the regular selling price. This arrangement is convenient to the students for three reasons. First, the books are sold at a discount. Second, books that are used one or more terms may be sold to the store management for a little less than the cost price. Third, it avoids a mile walk to town every time one wants a new book or a pencil.

The Normal has a small library of about 1,000 books. This is only a nucleus of what it will be later on. New books are being added to it constantly. The library is open for the free use of the Normal students. The librarian, Miss Barter, is a graduate of the School of Library Science of Illinois University, and is very efficient in her work.

The E. K. S. N. Student is a monthly paper published exclusively by the students of the Normal School. It was launched in January and so far only two issues have been printed. Everything in the Student is written by Normal pupils. The subscription to the paper is 50 cents a year. W. H. Ward, one of our Normal students, is editor of the Student.

The Young Men's Christian Association is well organized among men students. The association meets each Sunday at 2 p. m. for Bible study. President I. H. Hoothe, of the Y. M. C. A., and 24 members attended the State Biennial Convention at Winchester, Feb. 20-22. Our school had the largest number of delegates of any school represented. The writer was a delegate and can report a pleasant and profitable occasion.

Supt. I. N. Taylor, who is teaching in the Normal, and 23 students from Pulaski county have organized a union among themselves. It is known as the Pulaski Club. Pulaski county claims the distinction of having the second largest attendance of any county represented. Madison is first with an enrollment of 40 students.

Lincoln county lacks several of having her quota full. I see only two reasons why more are not here. They either do not know of the many good advantages that are here or else the cost of boarding is too high. I must admit the boarding proposition is not as good as it should be. All the men and several of the women students find boarding and lodging with private families throughout the town at prices ranging from \$3 to \$3.50 per week. The women who board at Memorial Hall pay \$2.50 per week. In the near future the State will erect dormitories large enough to accommodate all who may come here.

Everybody in the Normal has been deeply interested for the last few weeks in the passage of House Bill 140 by the Legislature. And since it has passed both Houses, resolutions have been adopted expressing our sincere thanks to our Representative at Frankfort. The Sullivan Bill, as it is called from its chief promoter, Judge J. A. Sullivan, of Richmond, was introduced in the Lower House and referred by that body to the committee on State Normal Schools. This bill called for \$500,000 to be divided as follows: \$200,000 to State College and \$150,000 to each of the two State Normal Schools. This committee reported favorably on the bill and the Lower House passed the measure by a vote of 69 to 17. We are glad to state that of the 17 who voted against it only three were from the Eastern district, the others being from the Western. They are nearly equally divided, eight being democrats and nine republicans. The Senate passed the same bill by a vote of 36 to 1, and now all it lacks of becoming a law is the governor's signature. The following resolutions were adopted by the Normal School expressing its thanks to the Representative and Senators at Frankfort for the passage of the bill: Whereas, we are the recipients of the advantages afforded by the creation and maintenance of State Normal Schools, therefore, be it resolved:

1st. That we hereby tender our sincere thanks and deepest gratitude to our Representatives for the manly and

liberal attitude manifested by the passage of House Bill No. 140.

2nd. That we as students and teachers of the E. K. S. N. S. and as citizens of Eastern Kentucky, do hereby pledge ourselves to stand as a unit in the betterment of educational conditions in our section of the State, and if necessary, to use all our power and influence in so organizing our respective communities so as to uphold the hands of our Representatives, who have so cheerfully supported and so earnestly striven to secure for the Normal Schools their much needed appropriations.

3rd. That a copy of these resolutions be sent to each Representative.

I desire to commend the loyal support Hon. W. H. Shanks gave to the measure. I believe I voice the sentiment of the teachers of Lincoln county by saying that the position of Representative Shanks upon educational matters is more than satisfactory. Lincoln county is fortunate in having such a Representative in the Legislature.

POLITICAL.

The Senate passed the army pay bill, increasing the pay of officers from 5 to 25 per cent. and the average pay of enlisted men 40 per cent.

The Fairbanks Republicans of the Third congressional district will make an effort to defeat J. Frank Taylor, of Glasgow, for re-election as State Central Committeeman.

The South Carolina Legislature elected Frank B. Gary, of Abbeville, United States Senator to succeed the late A. C. Latimer. Mr. Gary was elected on the fourth ballot, receiving eighty-one votes.

The Republican Committee of the Seventh appellate district will meet at Mt. Sterling March 17 and declare Judge E. C. O'Rear the Republican nominee, no other candidate having announced.

Nebraska Democrats, in convention at Omaha, gave William J. Bryan a great ovation, adopted a platform constructed by him and instructed their delegates to vote as a unit in his interest at the National Convention in Denver.

The House Committee on Merchant Marine and Fisheries agreed to report favorably bills appropriating \$250,000 for the establishment of fish hatcheries in Tennessee, Texas, Louisiana, South Carolina, Florida, Kentucky and four other States.

The county unit bill received what is believed to have been its death blow in the Senate, when that body changed the rules governing the calling of a bill from committee so that a two-thirds instead of a majority vote is required. It is not believed that the friends of the county unit bill will be able to muster two-thirds of the Senators in favor of the bill.

Gov. Charles E. Hughes received the endorsement of the New York republican State Committee for the presidential nomination. The resolutions, adopted by unanimous vote, commended President Roosevelt "for his rugged determination to oppose wrong-doing and in demanding justice for all," and classed him with "the greatest and most heroic figures in American history, Washington, Lincoln, Grant and McKinley."

The Minnesota Democratic State Committee in session at St. Paul adopted a resolution endorsing Gov. John A. Johnson for the Democratic nomination for President. The Bryan men on the committee fought strenuously against the resolution, which was finally adopted by a vote of 68 to 23. The Bryan forces announced that they would not be bound by the action of the committee and formed an organization to carry on the fight for a Bryan delegation from Minnesota to the Denver Convention. The State Convention will be held in St. Paul on May 14.

Given Up To Die.

B. Spiegel, 1201 N. Virginia, St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured. Why not let it help you? Penny's Drug Store."

Charles B. Landis was renominated by acclamation for Representative by the Republicans of the Ninth Indiana congressional district.

The Future of The Party.

Dissension in the ranks of the Democratic party lead to its defeat at the polls last year. It is not in order at this time to undertake an analysis of the various elements of the dissension with a view of placing the responsibility. The latest blow to the party is the defeat of the nominee for U. S. Senator by a republican, with a democratic majority of eight in the General Assembly. This was accomplished by treachery on the part of certain members elected as democrats, and was brought about by a conspiracy of the Courier-Journal, the Whisky Trust, the Beer Trust and the Tobacco Trust.

The claim of the bolters that their action was for the good of the party falls flat in the face of the fact that a republican was elected by their votes. There can be no excuse for that.

One thing apparent to every democrat who has the welfare of the party at heart is that in the future we must repudiate, absolutely, the Courier-Journal. In the last 13 years it has helped elect two republicans to the U. S. Senate, and contributed to the defeat of two democratic State tickets. It has done the party more harm than all the other influences combined. It pretends to be democratic only that it may serve its masters, the trusts, better; its continued betrayal of the party being of more benefit to the trusts than would be its open opposition to the party. For our part we hope it may go, bag and baggage, into the republican party that we may be done with its damnable influence once and forever. And we call on the democratic press and democrats generally to allow it no place in the democratic party. It belongs to the trusts and does their bidding on all occasions. Such a paper has no place in the ranks of the great common people. Its recent declaration that it means to support Mr. Bryan has not deceived a single democrat in the State who has watched its hypocritical course in the past. It made the statement for the purpose of getting the confidence of the democracy that it might make its betrayal of the nominee more effectual. We trust it will have the decency to come out in the open against Mr. Bryan when he shall have been nominated, instead of adopting the same tactics it used last year in Kentucky in helping to defeat the State ticket. We are tired of being "damned with faint praise." The editor of the Courier-Journal will take which ever course he thinks will be the most detrimental to the nominee. He has practiced treachery so long that no sense of shame will deter him from adopting the more reprehensible of the methods if he concludes that he can thereby most injure Mr. Bryan. His inordinate vanity will not allow him to forget how Mr. Bryan once held him up to public ridicule before a great Kentucky audience. As long as Henry Watterson lives the Courier-Journal will have but two purposes: one will be to do the bidding of the trusts at all times and under all circumstances, and the other will be to furnish him a means of venting his personal spite and gratifying his pet jealousies.

We believe we can carry Kentucky this Fall in spite of the Courier-Journal, and we are absolutely sure it can be done if we can force that paper to make its bed with the republicans openly, as it has recently done in the election of Bradley.

In order that we may get rid of this incubus the democrats in every county of the State should see to it that in the selection of delegates from the county conventions to the State convention this year only tried and true democrats be chosen; men who will place the future of the party, and particularly the election of a president this year, above their personal likes and dislikes. A State convention made up of men of this character will infuse new life into the party in the State; it will write a party law that will prevent the Haldemans and Vreelandes of Louisville, from foisting upon the General Assembly again such men as McNutt, Charlton and Mueller.

We do not care what wing of the party the delegates may have trained with when we had factions in the party; what we want now is a State convention made up of real democrats; they will do the rest.

The Political Situation.

With a Democratic State Convention only a few months in front of us it may be well enough for us to take our bearings. That Convention will write the party law for the next four years, name the State Committees for the same period and send delegates to the National Convention at Denver. All of these matters are of vital importance to the welfare of the party, and therefore demand our earnest consideration.

Whether we were Administration or Anti-administration Democrats in the years that have passed is not now the question, and a discussion as to who was right and who was wrong can do no good; all that is behind us. It is the future of the party that should concern us now, and this is especially true in view of the fact that we have a Presidential election this year.

The Courier-Journal and the Whisky Trust have brought about the election of a Republican to the United States Senate. The fight began with the usual hypocritical claim that it was for the purpose of purifying the Democratic party. That this was but a disguise behind which the conspirators worked for the election of Bradley was made clear when the traitors who voted for him were given every opportunity to support some other Democrat than Gov. Beckham and refused. The loyal Democrats asked them to name any straight, reputable Democrat, and assured them that they would vote for him, but the emissaries of the Courier-Journal and the Whisky Trust were on the floor of the House and did not allow any traitor to get away from them.

The C. J. attempted to "purify the party" in 1895, and Bradley was elected; it attempted it in 1896 and 1897 and Deboe was elected to the Senate; for the last four years it has helped poison the minds of Democracy against their public officials, and we have a Republican State Administration; this year it has played the same game, and Bradley has been elected. Its every effort to "reform the party" has resulted in the election of a Republican. Its only purpose for the last dozen years in calling itself a Democratic paper has been to get in a position where it could betray the party in the interest of some trust.

And we but recite the political history of this period in making these statements. Since it delivered itself body and soul into the hands of the "money changers" in 1895 it has been at the service of any trust that had the price. Its latest, and apparently its most congenial ally, has been the Whisky Trust.

One thing as to the future is absolutely certain and that is that this paper and the corrupt influences using it as a mouth-piece will endeavor to control the party. To this end they will attempt to dominate every County Convention in the State, that delegates to their liking may be selected. Following their usual tactics of fraud and deception they will start out with their old "stop, thief" cry, and endeavor to make the people believe that somebody is about to create a "machine." While it ought not to be necessary to warn the Democracy in advance against brace games of this character we feel it our duty to do so.

All that concerns us is that good Democrats, no matter what their alignment on questions within the party has been in the past, be sent as delegates to the State Convention. Let us select men who place the welfare of the party above their personal likes and dislikes, and who will not allow the convention to be controlled by the Whisky Trust and its subsidized organ. A convention made up of such men will select only tried and true Democrats for the State Committees, for delegates to the National Convention, and will write only wholesome party law. Such a convention will mark the beginning of better days for the Kentucky Democracy, and the influences going out from it will carry the State for Bryan in November.

And finally, as it is better to have our enemies in front of us than within our camp as spies and traitors, we call on every Democrat who loves the principles of his party, hates treachery and despises fraud, to repudiate the Courier-Journal, the most insidious and dangerous enemy the Democratic party has in Kentucky.

The editor of the Louisville Times takes umbrage at an editorial of nearly a month ago in this paper, in which we called attention to the insincerity of Mr. Haldeman's claim that he has always supported Gov. Beckham and insists that the Times has never said anything "unkind" about the ex-governor.

When that paper reproduced, just after the November election, the very meanest character of editorial matter criticizing Gov. Beckham, from the Lexington Leader and the Winchester Sun-Sentinel, both republican papers, and marked the clippings "democratic," we presume this was not "unkind." Mr. Haldeman knows that the Leader is a rank republican sheet published by Sam J. Roberts, Internal Revenue Collector, and that the Winchester Sun-Sentinel is even ranker, published by the republican postmaster at Winchester, and yet he marked each clipping as coming from a "democratic" paper. This was not only "unkind" but a base attempt to deceive the public. We can not think of anything more unkind, unfair, unmanly and base than such conduct.

FROM the tone of recent issues of the Stanford Interior Journal and the Frankfort State Journal, those papers appear to be flopping over to the cause of E. W. Lillard. It is surprising inasmuch as these journals have always been dyed-in-the-wool, but old man W. P. is a great believer in the victorious side and it wouldn't be surprising to find him blowing his horn for Bradley and Willson.—Advocate. No, no, honey, you are all wrong. The INTERIOR JOURNAL and the Frankfort Journal were denouncing Lillard's bolt when you were patting him on the back. This paper condemned his action from the very start. The Advocate's change came with remarkable, and if you permit us to say it, almost questionable suddenness. The I. J. was working for the good of the great democratic party before either of the Advocate's editors was born and it has never flickered in its long and honorable career as a democratic paper. In fact this paper was supporting democratic measures and men when the democrats of Boyle could no longer put up with the Advocate's bolt along in 1895 and 1896 and started a sure enough democratic paper. The Advocate bought out its democratic competitor and until its editor's eyes were opened last week it was running along in its old channel, helping bolters and traitors by winking at their treachery. There should be no mistake about our position, Brers Embury and Richardson. Other people know we are democratic at any and all times and we should not be blamed for your inability to understand who and what a democrat is.

SENATOR CHARLTON, who has been a protegee of the Haldemans for many years, and who has been nominated by their manipulation of the city committee on every occasion, was the first democrat (God save the work) to vote for Bradley. Oh, no, Mr. Haldeman has not been "unkind" to Gov. Beckham; he would not be guilty of a little thing like that; he just helped betray him, that's all. What was it the Nigger said to the fish when it was floundering when he was getting ready to prepare it for the table?

The Times charges that our editorials are sent from the Beckham bureau at Frankfort. There are very few things the Times and its sordidly editor do not know and of course it is useless to argue with that paper and its wonderfully well posted editor. However, from the length of time it took Mr. Haldeman to answer or rather dodge our charge, his editorial bureau must be located near the North pole or at some other inaccessible spot.

S. A. SHANKLIN, the democratic nominee, was elected Representative of Mason county over Charles Degman, republican, by 1,433 votes. As Mr. Shanklin was a warm Beckham man, an idea may be had as to how the feeling is in Mason over Gov. Beckham's defeat for U. S. Senator. There has never been any doubt in our mind that McKnight fearfully misrepresented his people.

If Mr. Haldeman's editorial a few days before Mr. Bradley's election, calling on Gov. Beckham, the democratic nominee, to withdraw that Wheeler Campbell, a light-weight bolter, might be elected, was not both "unkind" and insulting, then we confess that we are not able to properly judge of the character of a proposition when it is presented to us.

JOHN J. C. MAYO, the splendid young mountain democrat, is spoken of as a good man to succeed Urey Woodson as National Committeeman. Somebody ought to succeed Woodson.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache-Tablets—cures blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Don't think it's a joke. It surely equalizes the blood circulation. If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache-Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

PENNY'S DRUG STORE.

Guaranteed Cure for Constipation

After watching results for sixteen years, during which time many millions of bottles were sold and thousands of letters from users were received, the originators of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, feel safe in guaranteeing it in the various diseases of the stomach, liver and bowels, such as chronic constipation, dyspepsia, indigestion, biliousness, flatulency, sour stomach, bloated stomach, heartburn, etc. There is an absolute guarantee to refund the purchase price if Dr. Caldwell's Syrup Pepsin does not do what is claimed for it.

For sixteen years this remedy has been recommended for stomach, liver and bowel complaints and the fact that each year more and more families are using it proves that it has the merit claimed for it, and the letters we are constantly receiving prove that it is curing these diseases. Hence the guarantee is justified. Mr. Alston, of Houston, T. X., considers Dr. Caldwell's Syrup Pepsin the best laxative tonic on the market because, to use his own words, "it does all you claim for it and I do not know of another medicine of its kind that does." Mrs. Williams, of Sidney, Ill., writes that she has used it in her home all her married life and would not keep house without it. The hands of others have written to the same effect. If you have any complaint for which Dr. Caldwell's Syrup Pepsin is recommended go to your drugist and get a 50 cent or \$1 bottle. Take it on the basis that we guarantee satisfaction. You will find it gentle in action and pleasant in taste. It works promptly and efficiently, and unlike purgative waters, salts and cathartic powders or pills, does not grip and leave you feeling weak and sore. It is safe to say that you will like it and use it regularly when you have call for a laxative. It is especially suited to children and weak people because of its gentle action.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying could have the same bottle sent to them by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it before. Send for it now any symptoms of stomach, liver or bowel disease. Get the best effective laxative for children, women and old people. Guaranteed, permanent home cure. THE PUBLIC VERDICT: "Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee No. 17, Washington, D. C. **PEPSIN SYRUP CO.** 119 Caldwell Bldg., Monticello, Ill.

THE athletic entertainment given by the Central University gymnasium team at Walton's Opera House Friday night was very clever indeed and the base ball team, under whose auspices the show was given, are ahead a few dollars by the enterprise. Prof. Harry Bright, the team instructor, did some fine work and his students did more than was expected of them.

ON next Friday night, March 13th, there will be an entertainment at Walton's Opera House which will be "amusingly mystifying." Mr. Merton, the magician, ventriloquist and entertainer, will make you spend a delightful evening and will divert your mind from the cares incident to routine life in every vocation. You will enjoy it. Come and witness the clever feats in magic and spiritualistic tricks.

SOME one has suggested that the only decent thing for a bolter to do is to go hang himself. We want to add that there is one duty that should be performed before this final act, and that is to call upon the editors of any newspaper that encouraged him to bolt and then denounced him in order to re-establish themselves with the Democracy, and invite them to join him.—Frankfort Journal. Wonder if the Journal hasn't the Danville Advocate editors in its mind's eye?

THE Hustonville people are looking forward to the delightful song recital to be given at the Christian church there next Friday night, 13th, by Princess C. Long, one of America's finest singers. This gifted woman has pleased thousands of audiences and she will no doubt have a packed house at Hustonville, where there are so many lovers of music. The admission prices will be 35c for adults and 15c for children. Go and hear her and at the same time help a most laudable cause.

SILER.—Mrs. Bessie Siler, wife of Drew Siler, of High Cliff, Tenn., died of consumption at the home of her parents, Mr. AND Mrs. Peyton E. No witnesses have appeared against Hanna, and his release is now sought. He stoutly declares his innocence. His arrest caused a great sensation and mob violence was feared when he was taken back to Danville.

THE sleight of hand performance to be given Friday night promises to be one of the best of its kind. Mr. Merton is second to none in his line. He is the equal, if not the superior, to the Floyds, which the public will testify to be first-class in every respect. The theatre, or play going season, is about over and this will be an entertainment when every one may resolve to make a record breaking house and feel repaid for the evening's outing of pleasure and entertainment.

THE indignation meeting at Danville Thursday evening was largely attended and some 18 or 20 speakers expressed themselves in no uncertain tones on "Misrepresentation." E. W. Lillard's bolt of Gov. Beckham and final vote for Bradley. They gave Mr. Lillard just what he deserved and if the other traitors in the House and Senate at Frankfort had been similarly dealt with by their constituency they too would have been taught a lesson that would never be forgotten. Ringing resolutions, condemning Lillard, demanding his resignation, commending Gov. Beckham's course and declaring for Mr. Beckham for delegate-at-large to the National Democratic convention and Bryan for president, were passed. It was a great meeting but we are sorry it was not held earlier. The day after Lillard first refused to vote for Gov. Beckham for Senator would have been the proper time, but it was better late than never.

AN ORDINANCE

"An ordinance to provide for the sale of the franchise or privilege to construct, establish, maintain and operate a telephone system in the city of Stanford, Kentucky."

The City Council of the City of Stanford do ordain as follows: Sec. 1. There is hereby created and established a franchise to erect, operate and maintain a telephone system, embracing central office apparatus, telephone poles, fixtures, cables and wires, along, over, through and under streets, alleys and sidewalks of the City of Stanford, Ky.

Sec. 2. The said franchise shall continue for the period of 20 years from and after the time it shall become effective.

Sec. 3. The purchaser of said franchise may assign or sell same.

Sec. 4. Said poles, fixtures, wires, cables and central office, and all apparatus connected therewith shall be constructed and maintained in a substantial workmanlike manner; said poles shall be neatly painted and so located as not to interfere with the free use of any street or alley for the purpose of public travel, or obstruct the entrance to any adjacent private property.

Sec. 5. The purchaser of said franchise, his successors or assigns, shall promptly replace all paying and non-paying wires that may be disturbed by the purchaser, or his assigns, in setting poles, or in operating a telephone system, or in exercising any of the privileges herein granted, and shall, at said purchaser's own expense, remove all obstructions or dirt that may arise or accumulate in engaging in any of the works permitted hereby. All work of setting poles shall be under the supervision of the street committee, whose duty it shall be to see that this ordinance is obeyed.

Sec. 6. The rates by the purchaser of this franchise, and his successors and assigns, shall not exceed, in business houses and offices, for individual circuits, metallic long distance equipment, \$2 per month, and in all business houses and offices, for the party line service, with the same long distance metallic equipment, shall not exceed \$1.75 per month and the rates charged in residence for individual circuits with metallic long distance equipment, shall not exceed \$1 per month, and for two-party lines, with metallic long distance equipment, shall not exceed \$2 per month. These rates shall apply to all subscribers of the purchaser, or his assigns or successors, residing within one and one-half miles of the court house in Stanford, Ky., or who subscribed for or have telephones directly connected with or connected in the exchange of the purchaser, or his assigns, or successors, at Stanford.

Sec. 7. The City of Stanford shall have the right to maintain and operate its fire and police wires upon poles of the purchaser, within the corporate limits of Stanford, free of charge.

Sec. 8. Within 30 days after the confirmation of the report of the sale of this franchise, the purchaser, or his assigns, or successors, shall begin the construction of the telephone system contemplated herein, and shall proceed to complete same together with all exchange and all equipment necessary to operate a telephone system, within a reasonable time thereafter, which shall be not more than six months after the date of the said confirmation of the sale. The equipment of said system shall be modern in every respect. The failure upon the part of the purchaser, his successors, or assigns, to perform substantially any of the terms of conditions imposed by this ordinance shall authorize the City Council of the City of Stanford to annul and completely revoke all rights and privileges herein granted. However, before such revocation shall be made the Council shall give to the said purchaser his assigns or successors, notice of the fact of such failure, and its purpose to revoke said rights, and notify said purchaser, of the time and place when the order of revocation will be made.

Sec. 9. Nothing herein shall be construed to give the purchaser, his assigns or successors any exclusive right to the privileges herein granted.

Sec. 10. Within ten days after the passage of this ordinance, it shall be the duty of the clerk of the council to advertise the sale of this franchise, its terms, and the time, place and manner of sale. In one issue of some newspaper of general circulation published in the City of Stanford, the sale shall be made at public outcry to the highest and best bidder, and shall be made at the court house door in the City of Stanford, on some Saturday, which shall be determined by the clerk and stated in the advertisement herein provided for. The clerk shall receive bids and make report of his acts hereunder to the council at its next regular meeting, and the council shall then approve or not said sale, at its discretion. The Council shall have the right to reject any and all bids, and the advertisement shall so state. No bid shall be received except such as is publicly announced at the time of the sale. The bidder to whom this franchise shall be awarded shall pay to the city treasurer, within ten days after the confirmation of the report of sale, the amount of his bid; otherwise the rights accruing to him under his purchase shall be revoked and void.

This ordinance shall take effect from and after its publication, which shall be done by the insertion of a copy of same in the Interior Journal.

A. F. FLEMING, Mayor.

L. R. HUGHES, Clerk.

In obedience to the above ordinance I will on the 21st day of March 1908 at 2 P. M. in front of the court house door in Stanford, Kentucky, sell at public outcry the franchise therein described.

C. T. Bohon, of Lebanon, has bought the English imported Hackney stallion, Glassmore Prince, rising four years old. He will be remembered as winning first at the Iowa and Illinois State fairs and the Chicago and Terra Haute horse shows in 1907, and is one of the best Hackneys in the country. He is by Copalder Bonny Gabriel, which sold for \$3,000 and is a half-brother to the great show mare Hildred, now owned by Miss Bedford, of Connecticut. Mr. Bohon has owned this great horse scarcely two weeks and already has 22 mares booked to him at \$25. He will no doubt make a good cross on mares in this country.

Best Healer in the World.

Rev. F. Starbird, of East Raymond, Maine says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c. at Penny's Drug Store.

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at Penny's Drug Store.
